Technology Center 2100

Please amend the application as follows prior to examining the Application.

In the Claims

Please cancel claims 1-29 without prejudice or disclaimer to the subject matter contained therein. Please add the following claims:

--30. A method for profiling a subscriber by integrating numerous distinct aspects of information about the subscriber, the method comprising:
collecting information about the subscriber from one or more sources; and
processing the information to generate a subscriber characterization vector.
